

Policy on Package Deliveries at the WLPOA Building

- 1. UPS, FedEx and Roads & Security all have vehicle insurance restrictions regarding travel on our private roads.**
- 2. Both UPS and FedEx include a \$100 undeclared insurance policy on all packages as part of their service. Additional coverage can be purchased if required.**
- 3. UPS will call whenever a package is delivered to the WLPOA building, and it is the individual's responsibility to retrieve the package within a reasonable time frame. Your cooperation is appreciated. As a courtesy, WLPOA will make attempts to notify residents of a delivery and hold the package for 30 days before returning to sender.**
- 4. Neither WLPOA nor Roads and Security assume liability for packages delivered to or stored within their buildings. If this is not acceptable, you should make other arrangements. We do require residents to sign for the WLPOA building key for entry, and generally speaking, use of the building for package delivery has worked to the benefit of all.**
